Weighty Plaster Towers Responsible for the Accident—Celestial Globe Management Responsible for Their Construction.

[A. P. NIGHT REPORT.] PARIS, April 29, 8:15 p.m.—(By Atlantic Cable.) An accident which caused the death of six persons and injured nine more. The accident threw a pall over the immense throng which had profited by the magnificent weather to visit the exposition.

Today was probably the record attendance. Not merely the interior of the ground, but the precincts also were crowded, and the concourse was panic-stricken at the sight of the structure, which forms the northern boundary of the grounds. Here is situated a big side show, the Celestial Globe, a footbridge, on which the finishing touches were being put today, crosses the Avenue de Suffren, connecting the side show with the exhibition. It was constructed of wood, with a stucco facade, and with a plaster-made tower at each end.

Strangely enough the bridge had been condemned only this morning. The public was therefore not allowed to go upon the structure, and in this way a disaster even more terrible than that which occurred at the Exposition of 1889 was averted.

At 8:15 p.m. the bridge was being walked beneath the bridge when suddenly an ominous crash was heard. Before those upon the bridge could turn aside, the structure fell with a fearful crash, burying nearly fifty persons under its debris. The cries of horror and mingled with the cries of the victims. For a moment nothing could be distinguished but a cloud of dust and plaster. A scene of the greatest excitement and confusion followed. But this was not the end of the disaster. Almost immediately the crowd attacked the debris in an effort to release those lying beneath the wreckage. The workmen within the grounds who had witnessed the accident, the police and the Republican Guard, joined in the rescue work. The promenade forges their Sunday attire and covered themselves with dirt and grime in tearing away the rubbish with their hands. Wooden beams and poles were brought from the half-finished buildings near by and were used as levers to raise the victims.

The victims first recovered were mostly only the injured, the dead being found later. The center of the structure, Messengers were dispatched to bring firemen and aspersors with their chemical agents. The first body was found after a quarter of an hour of hard labor. It was that of a

IS BOER.

Campaign Apparently at a Standstill.

London Newspapers Beginning to Make Criticisms.

Urgent Need of the Army is More Horrific.

Gen. Olivier Wounded at Wepener. Fighting by Scouts—The Flight at Israelpoort—Thabanchu Victory.

[A. P. NIGHT REPORT.] LONDON, April 29, 8 a.m.—(By Atlantic Cable.) The only dispatch from the Boers published yesterday was the usual list of deaths and sickness. The flood of newspaper dispatches to day describing the recent operations shows no light whatever upon the present position of affairs or upon the great question as to when the main advance is to begin. The Standard's announcement that Gen. French's cavalry are returning to Bloemfontein is clear proof that there is no further hope of catching the retreating Boers, and the London papers are beginning to display impatience at the practical failure of the elaborate operations of last week.

The Standard says: "It is disheartening to find that these elaborate maneuvers have had so small a result." The Daily Chronicle remarks: "We are reluctant to criticize Lord Roberts, but it is impossible to shut our eyes to the fact that during the last ten days we have gained very little from our enormous display of force."

Without doubt these operations have been a very exhaustive one, and will entail further delay. The Bloemfontein correspondent of the Times, writing March 4 after the Paardeburg battle, described Lord Roberts's army as a "wreck," because it was "so tired, so demoralized, and so without transport, so short of food, so short of shelter, so short of everything that a man could want, that it was almost impossible to keep it together."

At present and always of more horses. There is very little news from other quarters.

The Daily Mail publishes a statement from Col. Long, who was blamed for the loss of the guns at Paardeburg, in which he says that he was advancing the guns as he did, he strictly obeyed orders, and that the Boers were quite ignorant of the proximity of the Boer positions.

The sudden decision of the Boer peace delegates to go to America, attributed to the fact that the government of the Netherlands, after sounding all the European powers, had told them they had nothing to hope for from Europe.

Col. Dalgetty's force at Wepener numbered 1700. His losses during the siege were 30 killed and 145 wounded. It is reported that there was an artillery engagement yesterday at Kamek. But no details have been received.

GEN. OLIVIER WOUNDED.—[A. P. NIGHT REPORT.]—ALFALW NORTH, April 29.—It is reported that commandant Olivier was wounded at Wepener last Monday.

Sixteen New Zealanders, while scouting, fought six Boers, killing three and wounding three. One New Zealander was wounded.

The inhabitants at Rouxville do not know to which government they belong, as there is no civil administration there.

FIGHT AT ISRAELPOORT.—[A. P. NIGHT REPORT.]—LONDON, April 29.—(By Atlantic Cable.) A special dispatch from Thabanchu, dated Thursday, describing the fight at Israelpoort, which is about seven miles west of Thabanchu, says: "The Boers were recently intruded on two kopjes. The play of honor was given to the Boers, who advanced very cleverly under their command, and they were not greatly damaged. They were ably supported in their right up to the kopjes, when Col. Otter was struck twice, one bullet inflicting a nasty, but not dangerous wound in the neck, and the other tearing the bandages from his shoulder. But he still cheered his men on until the kopjes were carried. The Boers bolted. The British losses were twenty killed and wounded."

A dispatch to the Daily Mail from Thabanchu, describing the same engagement, says: "The British artillery shelled the Boer positions from three positions. The Boers' positions were extremely well chosen, consisting of a long range of very precipitous hills, with narrow points (kopjes) between commanding a vast extent of country. The mounted infantry made a wide turning movement, while the foot infantry advanced within 500 yards under good shelter. "During the afternoon the battle became more and more desperate. At 5 o'clock the Boers advanced in open order, but meeting with a terrific fire, they took shelter in a donga. When they finally captured the kopje, the Boers were retreating north and east with wagons, and subsequently, when the infantry made a dash for the rear of the enemy fired a few shots and cleared off."

On occupying Thabanchu, we found the stores and hotels looted by the Boers. The natives complain of having their horses and cattle stolen, and of their property being destroyed. The Boers were subjected to taunts and threats. "I learn that yesterday Boer re-

Alaskan Code Bill Delayed by Opposition to the Carter Amendment—Free Homes and War Claims Bills. Capital Notes.

[A. P. NIGHT REPORT.] WASHINGTON, April 29.—So far as can now be foreseen, the week will be given up largely to the Alaskan Code Bill, and to appropriation bills in the Senate. Senator Hawley, chairman of the Committee on Military Affairs, has just notified that he will call up the Army Appropriation Bill Monday, and when this bill is disposed of it is probable that the Fortifications Bill will be taken up.

There will be an effort to secure final disposition of the Alaskan bill, but as there is almost as much opposition to the Carter amendment as there was to the amendments suggested by Senator Hanabrough, it is impossible to say whether the effort will succeed.

Senator Chandler, Wednesday, will ask consideration of the resolution in the case of Senator Clark of Montana, but there will be a request for more time to read the testimony, and the case probably will go over for at least several days more.

Thursday the Senate will listen to eulogies on the late Representative Reed of Louisiana.

The feature of the week in the House will be the Nicaragua Canal Bill, which will be considered Tuesday and Wednesday. The attempt to amend the bill relative to the fortifications of the canal removes the objection entailed to it by the friends of the Hay-Pauncefote treaty, but the fact that very few of the members of the House have been aroused. The bill, however, doubtless will command a very large majority, when it comes to a vote. Thursday will be given up to the consideration of the Free Homes Bill and Friday to war claims.

"BOXERS" LOCKED BY REGULAR CHINESE TROOPS.—TACOMA (Wash.), April 29.—(By Special Dispatch.) The steamer Olympia brings news that the "Boxers" are giving more trouble than ever in the Shanghai and Chihli provinces. They have been stirred up against the foreigners more than ever, by the reactionary policy of the Empress Dowager and her evident desire to arrest and imprison all participants in the reform movement of 1898.

Foreigners residing in Chihli province became alarmed last month, with the result that 1500 Chinese troops were sent against several marauding bands of Boxers, which combined, giving a total force of 2000. A fight ensued, in which 200 Boxers were killed. The Chinese troops won, because they were better armed.

Shanghai-Mandarin has received news from Shanhai on the Great Wall, reporting the existence of a serious insurrection in the vicinity of Chinchow on the Newchwang Railway. The insurgents here are well-armed and well-mounted, constituting a very mobile and formidable force to deal with. Several bands of men have already visited the Manchurian Railway line and threatened to tear up the rails if troops are transported thither to quell the insurrection.

Admiral Yeh, commanding the Pat Yang squadron, has been commanded to take China's two fastest cruisers and hurry to Singapore, there to take aboard Kang Tu Wei and other reformers, who it is hoped, have been captured or assassinated by the Empress Dowager's emissaries, previously sent to Singapore.

Capt. Morita of Japan has returned from an official trip of inspection over the Manchurian Railway. He reports at Tokio that the line from Newchwang to Port Arthur and other Manchurian lines are not yet in operation, and cannot be operated for long distances until entirely rebuilt. This is due to poor original construction. The Russians told him the line would not be open for eighteen months.

Japanese manufacturers and financiers are forming numerous trusts to make Chinamen pay dearly for Japanese luxuries. The latest trust controls all the porcelain and lacquerware made in Japan.

Kentucky Stock Farm Purse.—LEXINGTON (Ky.), April 29.—The Kentucky Stock Farm purse for foals of 1900, to be raced in 1901, has been set at \$5000, of which \$5000, about tomorrow, April 30.

BARKER VS. BRYAN.

POPULISTS REVOLT FROM THE LATTER'S STANDARD.

Million and a Half of Votes Will Be Lost to the Former Candidate of the People's Party in the Next Campaign.

Philadelphia Aspirant Thinks the Democrats Will Choose Another Nominee or Else McKinley Will Be Re-elected.

Dewey Declines to Talk Politics on His Trip—Gov. Taylor at Frankfurt, Goebel's Alleged Slayers Arraigned Today.

PHILADELPHIA, April 29.—Interest has been aroused in the approaching Populist National Convention, which will be held in Cincinnati May 9, owing to the possibility of that party turning its back upon Mr. J. Bryan. According to the Philadelphia Record, the Populists who have received the endorsement of some of the Populist State conventions for President, there will be between 50,000 and 100,000 delegates at the Cincinnati convention, the majority coming from the South, West and Central West.

As yet as to the effect of his nomination for the Presidency by the Populists on the candidacy of Bryan, Barker said: "There can no longer be a doubt in my mind of any one who considers the situation, that at least 1,500,000 of the 2,000,000 votes cast for Mr. Bryan in 1896 will this year be cast for him, and cast for the Presidential candidate of the People's party."

Mr. Barker scouted the idea of a strong opposition to President McKinley in this city. He asserted that the President's friends control the machinery of the party, and that he would be re-nominated. Mr. Barker, who is in the city for the purpose of fighting a campaign to win the Presidential fight, said: "I think, said Barker, 'Bryan is in the hands of the Democrats who will have nominated.'"

DEWEY A BLUNDERER. OPINION OF W. L. WILSON.

KANSAS CITY, April 29.—William L. Wilson, author of the Wilson Tariff Bill, while in this city, en route from Hot Springs to Nebraska City, Neb., where he is to be the guest of J. Sterling Morton, his associate in Cleveland's Cabinet, said: "It is to be McKinley and Bryan. McKinley will not allow his name to be mentioned, and Dewey will not get an opportunity to see himself voted down. Mr. Bryan will be elected, but conditions are so chaotic that the campaign will be on new lines. Both sides have so many new conditions to contend with that old tactics will not do. I think the Democrats will win. We shall go into the fight with a new plan."

Mr. Wilson gave expression to his views regarding the candidacy of Admiral Dewey.

"He is innocent of the game of politics," he said, "and has been elected to the White House as a result of the Democratic party's blundering. He will blunder out of it again as suddenly as he came in. He generally anticipates, and when the role is at his height, he will surprise by sailing away, or I am mistaken in the man."

NOT TALKING POLITICS. DEWEY SHOWS GOOD SENSE.

WASHINGTON, April 29.—Admiral Dewey, accompanied by his wife and his private secretary, Lieut. Caldwell, left here today at noon in a special train over the Baltimore and Ohio line for Chicago. The admiral was one of the finest that has ever left the capital city. It consisted of three handsome cars, fitted with every luxury. Upon the central windows on either side of the three cars was painted the admiral's flag, and the hotel car was profusely decorated with flowers and potted plants.

At the station Mrs. Dewey was presented with a handsome bouquet of American Beauty roses. Probably a thousand people were on hand, and a cheer went up as the train pulled out.

TAYLOR AT FRANKFORT. THE GOVERNOR NOT ARRESTED.

FRANKFORT (Ky.), April 29.—Gov. Taylor has returned here from Washington, and spent Sunday at the Executive Mansion, with his family. But few people were aware of his presence in the city till this evening, when he appeared at the railroad station and boarded a train for Louisville.

KENTUCKY DERBY.

LOUISVILLE JOCKEY CLUB'S GREATEST RACE.

Fully Thirty Thousand People Probably Will Witness the Notable Event Booked for Churchill Downs Next Thursday.

There Will Be at Least Eight Starters, of Which Lieut. Gibson Will Go to the Post a Marked Favorite in the Betting.

St. Louis Outplays Chicago at All Points. Pittsburgh Wins in the Eleven.

LOUISVILLE, April 29.—At Churchill Downs next Thursday will be inaugurated what promises to be the greatest race in the history of the Louisville Jockey Club. Already the city is filling up, and it is expected that the fully 30,000 people who will witness the Kentucky Derby. As it now looks, there will be a field of eight starters, and possibly ten. The sure ones are Lieut. Gibson, Kentucky Farmer, W. Brode, Hindus, Highland Lad, Florizor, His Excellency and Bender. To these may be added Thrive and Plaudit. Plaudit worked the Derby route this morning in 2:10.

Although Lieut. Gibson's stock has depreciated during the past fortnight, he will still go to the post a marked favorite. Tom McDowell's colt, His Excellency, will receive some consideration, as he has made a mile and an eighth on the Lexington track in 1:54.

Notwithstanding F. W. Brode's ugly temper, his owner says he will start in the Kentucky Derby. He has suited in his last two races, but it may be that he will take a notion to run kindly Thursday. If he should run in the Kentucky Derby he would be a hard horse to beat.

Kentucky Farmer will start, but his preparation has been so slow and conservative that he may not be in the race.

Highland Lad will be put in as the pacemaker for his stable companion, Florizor. Although not considered a mile-and-a-quarter horse, if he goes after Lieut. Gibson for the first seven-eighths of a mile, he may prove a backer of that colt. Hindus is a dark one.

EASTERN BASEBALL. ST. LOUIS DEFEATS CHICAGO.

BLOEMFONTEIN, April 29.—[By South African Cable.] It is understood that the British will continue to hold Thabanchu, owing to its strategic importance, and especially with a view of checking future raids. The commandos will be sent to see if the predicted overflow of the Brasse materializes.

THE SOUTHERN PACIFIC BRIDGE, which was washed out about three weeks ago, and which was replaced by a temporary structure, was again washed out. The Gulf, Colorado and Santa Fe lost about twenty-five hundred feet of track and some small culverts on its San Angelo branch.

"I had heard of your oil in California, but I had no idea of its magnitude," said the eastern people are inclined to believe. "I have heard of it in the West, but I can go back and see the friends that the half has been making in the oil fields of California's oil industry."

"I have visited all of the oil fields of the State, that are in quantity," said the eastern man. "The question is greatly in excess of what I had expected to find. But the bulk of the oil in California is in the oil fields, which have been known for years. The oil area has not been fairly yet. I firmly believe that the oil area will continue to be for years to come."

"The oil area in the State developed in the largest in the world," said the eastern man. "I have investigated it for 400 miles. How much of it is in California?"

Efforts to retain the oil in California are being made by the State of California.

AN OBJECT LESSON.

In a Restaurant.
A physician puts the query: Have you

never noticed in any large restaurant at lunch or dinner time—the large number of hearty, vigorous o'd men at the tables; men whose ages run from 60 to 80 years; many of them bald and all pernaps gray, but none of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation or comment but nevertheless it is an object lesson which means something.

If you will notice what these hearty old fellows are eating you will observe that they are not munching bran crackers nor gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton, and even the deadly broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon dieting and an endeavor to live upon

There is a certain class of food cranks who seem to believe that meat, coffee and many other good things are rank poisons, but these cadaverous sickly looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested; if the stomach does not do so, and certain

Stuart's Dyspepsia Tablets do not act upon the bowels and in fact are not strictly a laxative as they do not in the least entirely upon the food eaten, digesting it thoroughly and thus gives a much needed rest and giving an appetite for the next meal.

Of people who travel nine out of ten use Stuart's Dyspepsia Tablets knowing them to be perfectly safe to use at any time and in any place and by experience that they are safeguarded against indigestion in any form, and eating as they have to, at all hours and all kinds of food, the

travelling public for years have pinned their faith to Stuart's Tablets.

All druggists sell them at 50 cents for full sized packages and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.
